

Risk Management and Patient Safety Continuing Education Activity Sponsored by the Crozer-Keystone Health System

Topic: You Just Received A Subpoena – Now What?

CKHS enables physicians to obtain Act 13 mandated patient safety and risk management CME credits by providing them with related articles, as well as questions and answers to test their knowledge approximately six times a year. If you answer all of the questions, you will be awarded 1.0 hour of Continuing Medical Education (CME) credit. No fees are charged for this credit.

The article is eligible for category 2 CME credit. It is your responsibility, in case you are audited by your licensure board, to keep a record of your credits. We suggest you keep the quiz, your answers and a copy of the correct answers that will appear the next month on CKHS' website at <http://ckhscme.crozer.org>. If you have any questions, please call Nancy Young at (610) 447-2995, 15-2995, or Joan Meighan, (610) 284-8156, 12-8156.

Instructions

- a) Read the article relating to the current patient safety or risk management topic.
- b) Print out the form and complete the related questions.
- c) Keep the quiz, your answers and a copy of the correct answers that will appear the next month in the article's subject-matter link in <http://ckhscme.crozer.org>.

1. a b c d e
2. a b c d e
3. a b c d e
