

**You could drive all over the map for the same services.
Or you could check the directory for ours.**

We believe that getting the specialized care you need shouldn't require spending as much time in the car as at the doctor's office. That's why there's the Crozer Medical Plaza at Brinton Lake — a convenient, uniquely refined healthcare center located at The Shoppes at Brinton Lake. Three elegant stories of granite, mahogany and polished steel offering 24 outpatient specialties, a surgery center and hotel-style amenities like a concierge service and a covered drop-off and pick-up area. One-stop diagnostic, surgical and physician services in a warm, welcoming environment. Now that's good medicine.

Where quality care meets quality of life.

We believe that better living shouldn't begin when you walk out the door, but when you walk in.

With 24 outpatient specialties, a surgery center and state-of-the-art medical technology, the Crozer Medical Plaza at Brinton Lake is ideally suited to provide the diagnostic, surgical and physician services you need to get back on your feet. Our elegantly designed facility even offers hotel-style amenities like a concierge service and a covered drop-off and pick-up area. Medical care was never more convenient – or refined.
